## NAGR TV Campaign Exposes Toomey's Bailout of Obama's Gun Control

Thanks to the support of the more than 3 million members and supporters of the National Association for Gun Rights, a statewide television ad campaign launched this week in Pennsylvania to mobilize Second Amendment supporters against Pat Toomey's attempt to force Barack Obama's failed gun control agenda down the throats of the American people.

"Why is Senator Toomey so eager to bailout scandal-ridden President Obama's failed gun control agenda", stated Dudley Brown, Executive Vice President of NAGR. "He seems more interested in being fawned over by the President and the elite media, than looking out for the interests of gun owners in Pennsylvania."

Senator Toomey and Senator Joe Manchin (D-WV) are attempting to resurrect their failed Senate legislation to ban the private sale of firearms and force gun owners into the NICS registration system.

NAGR is mobilizing its members and supporters in Pennsylvania, urging them to contact Senator Toomey's office, and ask him to abandon his support of President Obama's failed gun control agenda.

The National Association for Gun Rights is America's fastest-growing gun rights organization and the most dedicated to grassroots mobilization of gun owners throughout the country.
